Percentage : 89.2

SKILLS

| Python | C Programming | HTML ,CSS and Javascript | MY SQL | C++ | java |

CERTIFICATES

Joy of computing using python by nptel ☐   **DBMS -NPTEL** ☐   **Natural language processing by nptel** ☐

Edx:AI for everyone master the basics ☐   **Html and css By Guvi** ☐   **infosys springboard**
Completed certificates in Introduction to python,Artificial Intelligence,Datascience.

PROJECTS

Multiple Disease Prediction
This project is a multiple disease prediction system that uses machine learning algorithms to predict the likelihood of heart disease, diabetes, and Parkinson's disease based on user-provided health data. It features a user-friendly interface built with Streamlit, allowing users to input their medical information and receive predictions in real-time.

YouTube video summarizer
The goal of this project is to develop a tool that extracts and transcribes audio from YouTube videos into text. It then processes this text using natural language processing techniques to generate concise summaries.

Random password generator
 Random Password Generator for creating secure, customizable passwords.Built using html,css and java script

Twitter sentiment analysis
This project is a Twitter sentiment analysis that uses a pre-trained Roberta model to classify tweets as Negative, Neutral, or Positive. It provides a simple user interface built with Streamlit to input tweets and view sentiment scores in real-time.

LANGUAGES

English   **Tamil**
TOEFL ITP SCORE:484

INTERNSHIP AND TRAININGS

Reliance Communications   12/2022 – 01/2023
I have done my first internship in domain of Networks.
During my internship, I gained knowledge in computer networks and usage of networks protocols

Infosys Springboard   08/2023 – 08/2023
Completed an online Summer Training Program on Artificial Intelligence conducted by Infosys Springboard.

Intern pe   01/2024 – 01/2024
Learned concepts from html css and javascript.
During my internship, I gained proficiency in building website.

ACHEIVEMENTS

Finalist of ISTE Ramanujam Mathematical competition 2022 and 2023

Leetcode
 Solved 800+ problems in leetcode platform

Google skill boost
Earned 8 badges from Google cloud skill boost

SkillRack ☐
Solved more than 1400 problems and got 14 certificates
